Step 1: Support Model (October 26-November 25)

The first step of In-Person “Safe Return to School” is scheduled to begin the week of October 26th and continue through the remainder of 1st Trimester. This will include a Support Format that will group students to be focused on providing student support as we enter into the final four weeks of the 1st Trimester. In this “Support” model, students/families that choose to participate will be assigned to a group and be placed in either “Group 1” (Monday/Wednesday) or “Group 2” (Tuesday/Thursday) and will be on site from 8:50am-1:50pm. Students/Families that do not wish to be assigned to a “Group” can continue working in courses virtually but will have the ability to schedule individual “Teacher Meetings” on Tuesdays and Wednesdays through Setmore on the High School web page at www.kfschools.org.

Each Grade Level Group will be assigned to a specific classroom/location in which students will be supervised by KFHS Staff throughout the day. Students will be required to follow all masking and social distancing guidelines while at school. While students are at school they will be working independently within their assigned Google Classrooms, headphones will be necessary to not distract other students as they will be viewing Instructional Videos, Zooms, etc. at their own pace. Students will receive staff support that will be provided by Para Educators and Teachers.

Kettle Falls High School

Step 1 Support Model: Student Overview

- The school day will begin at 8:50am and will end at 1:50pm
- Students/families that would like additional support will be assigned to a specific Grade Level Group, and will be assigned to a designated classroom.
- Students will arrive to school at 8:50am with Health Screening Attestation (Blue Lanyard) completed and promptly report to their assigned classroom.
- Students will be required to wear masks and maintain social distancing while on campus and in classrooms.
- Students will have assigned seating charts in their classrooms.
- Student meals will be held in their assigned classrooms.
- Student breaks throughout the day will be assigned by Groups and supervised by Staff.
- Students will bring their Chromebook, Headphones, additional text materials, charger with them to class.
- Students will not be assigned lockers. This means students will need to bring back packs with them to their classroom.
- If students need to leave the classroom, such as to use the restroom they will be required to sign out documenting the time left, the location, and time returned.
- Classroom cleaning/disinfecting procedures will be conducted throughout the day.
- Students/Families that do not wish to be assigned to a specific Grade Level Group will continue working on courses virtually but can arrange Individual Teacher Meetings through Setmore on Tuesdays and Wednesday.
The next step of the In-Person “Safe Return to School” plan will be a return to an In-Person “Instructional” model. The move to Step 2 will be in coordination with the beginning of 2nd Trimester. In this step, students will be scheduled into classes on their assigned “A” or “B” Days. Families that choose not to return to the in-person A/B Hybrid will be able to select a Full Remote Distance Model for 2nd Trimester. This will be 100% online and students will not be attending in-person instruction.

The Hybrid A/B Format will be focused on providing students with In-Person Teacher Instruction as well as support. In this “Instructional” model, students/families that choose to participate will be placed into an “A” Group or “B” Group and will attend their scheduled classes on the appropriate day. The Hybrid A/B schedule will have students enrolled in 3 classes for 6 weeks at a time. This will allow students to be focused on fewer courses at a time and maximizes our in-person time with students. While students are at school they will be receiving in-person instruction from their teachers during their scheduled class times. On Remote days, students are working from home and will be provided assignments and activities via Google Classroom to complete independently.

All students attending in-person will be required to follow masking and social distancing guidelines while at school. When a student has a scheduled in-person day at school they will be required to have a completed Health Attestation form initialed by parents upon entry into the building. Lockers will not be checked out to students so they will be taking their backpacks with them to class.

Families/students that choose not to participate in the Hybrid A/B Format will be registered into a Full Remote Distance Format for the duration of the 2nd Trimester. Families will have the option to move from Full Remote Distance for the start of the 3rd Trimester if they choose.
Kettle Falls High School

Step 2 Instructional Model: Student Overview

- Families will choose to be in a Hybrid A/B Learning Program that combines In-Person Instruction with Distance Learning or a “Full Remote” Online Learning Program.
- In a “Hybrid” Learning Program, students will be assigned to a specific “A” Day “B” Day Cohort.
- In a “Full Remote” Online Learning Program, students will be assigned classes, course work and teacher support completely online. This will be a trimester-long program and can be re-evaluated to start 3rd Trimester.
- The in-person school day will begin at 8:50am and will end at 1:50pm
- Students will arrive to school at 8:50am with Health Screening Attestation (Blue Lanyard) completed and promptly report to their first scheduled class of the day.
- Students will be required to wear masks and maintain social distancing while on campus and in classrooms.
- Student meals will be held in the designated classrooms.
- Students will have assigned seating charts in each of their classes.
- Student breaks throughout the day will be assigned by Cohort Groups and supervised by Staff.
- Students will bring their Chromebook, Headphones, additional text materials, and charger with them to class.
- Students will not be assigned lockers. This means students will need to bring back packs with them to their classroom.
- If students need to leave the classroom for any reason including restroom breaks, they will be required to sign out documenting the time left, the location, and time returned.
- Classroom cleaning/disinfecting procedures will be conducted throughout the day.
